

TURBO FIRE®

INTENSE CARDIO CONDITIONING

90-Day Weight Loss and Body Slimming Program

What is TurboFire®?

TurboFire is a total-body conditioning program designed to give you the best experience and the fastest results—lean legs, sculpted arms, and flat abs. This program is packed with kickboxing drills, aerobic exercises, and dance moves perfectly choreographed to the hottest music to help motivate you to have the best workout possible. It's the maximum fat-burning cardio revolution that puts you front and center at the head of the class for the best results. Your instructor is the highly sought-after, award-winning fitness expert Chalene Johnson, creator of other successful programs like Turbo Jam and ChaLEAN Extreme®.

Why is it effective?

The science behind TurboFire is High Intensity Interval Training (HIIT) also known as "Fire Drills" where you **burn up to 9x more fat and calories than traditional cardio**. HIIT means working out at your max in up to 1-minute intervals. As a result, your body burns more fat and calories. Even after you're done with class, your body continues to burn calories for up to 48 hours. This means 4 minutes of HIIT can be more effective than 30 to 45 minutes on a treadmill or stair climber.

How does it work?

Exercising at your max in short (less than 1 minute) intervals improves aerobic and anaerobic energy release and cranks up your body's metabolism to burn calories faster. So you burn more stored body fat to help you recover from the workout.

This occurs because the intense intervals fatigue your muscle groups. In turn, your body works overtime to replenish the tired muscles with oxygen, creating the **AfterBurn Effect**, which can scorch calories for up to 48 hours after you've finished class.

The AfterBurn Effect means you actually continue to burn calories for hours after your workout is over.

Network Exclusive Workouts

Your customers get these additional bonus workouts (\$29.95 value) for FREE when they order TurboFire from you.

Ab Igniter – This seriously intense 10-minute workout is filled with advanced options that isolate your core muscles to help build a strong six-pack.

Greatest HIITs – A 20-minute compilation of all the best TurboFire HIIT drills that challenge you to scorch maximum calories.

Product Training Guide

Chalene Johnson is your class instructor.

A *New York Times* best-selling author, Chalene is a devoted mother of two. With 20 years of experience as one of the most popular fitness instructors in the nation, Chalene has learned that a class setting encourages the excitement and energy you need to get the most out of your workout. Now she's bringing that same experience to your home. Unlike her Turbo classes in Southern California, you won't need to make a reservation or stand in line for an hour. Chalene's already saved the best spot in class for you. Anytime you want to turn up the burn, just Push Play.

What makes TurboFire unique?

TurboFire is a dance-based workout set to the hottest music that pushes you beyond your limits every time. More intense than Turbo Jam®, it can be used as a graduate program for Turbo lovers. Other extreme programs, like ChaLEAN Extreme and P90X®, focus on building muscle and burning fat through weight training. TurboFire, along with its HIIT training, helps you achieve your maximum transformation faster than any other cardio program. And unlike INSANITY®, the TurboFire program can be repeated indefinitely.

— RETAILING TIPS —

Who to target:	Why TurboFire?
People who want to lose weight and scorch off fat	TurboFire is up to 9x more effective than traditional cardio, so you burn more in less time.
People who want a lean, fit body	Packed with up to 1-minute intervals of high-intensity Fire Drills, these moves help push you to jump higher, work harder, and see results faster.
Fans of Chalene's Turbo Jam	TurboFire is Chalene's next-generation cardio program, set to the best music with even more intense moves.
People who are tired of traditional cardio and aren't seeing results anymore	TurboFire pushes you past your limits with HIIT so you can continue to lose weight.
People who want to improve their current fitness levels gradually	Prepares you for the high intensity levels of Fire Drills, while you learn the routines at your own pace.
